- **LOT 22A: 1 Package of 3 Embryos sired by TR CAG Carbon Copy 7630E sexed female**
- **LOT 22B: 1 Package of 3 Embryos sired by Sharodon Double Vision 1D sexed female**

- Dory sold as a featured live lot last year in EOS for \$49,000 for half interest to Grand Hills and Mike Kisner. These are the first embryos to sell out of this great female. She was Grand in the Junior Charolais Show last year in Denver (2018) and Reserve Champion in the Open Show.
- In 2017, Dory 6501 won both the Junior and Open Charolais shows in Louisville. Many say that she was one of the best show heifers in the fall of 2017 of any breed.
- 5145, the maternal granddam of Dory, continually shows up in pedigrees of the best Charolais show heifers year in and year out. 5145 has been one of the most influential dams in Charolais history. The dam of Dory is a full sister to the \$115,000 Ms Kay 30A. There is a lot of power in the blood in this pedigree!
- Get in on the ground floor of such a popular champion and important Charolais pedigree. We feel that the Charolais section of this year's sale is extremely impressive, and this female ranks among the top.
